

## Double soldering station – SEMDUAL

FTM Technologies  
Manufacturer of the brand

With the DUAL station, you can form a set of :

- ✓ 1 ESD thermoplastic control box
- ✓ 2 soldering irons (40 to 100 Watts) within the limit of a total power of 150 W (to be added and chosen according to the concordance table below)
- ✓ 2 iron holders (to be added)
- ✓ 2 lead-free highyield tips (included with irons)
